

## EWJ1095 – Ikonos 4-Floor HighTack EasyApply 160 mic.

EWJ1095 is a monomeric, white, mat PVC film coated with solvent-free, high tack acrylic adhesive. Thanks to special non-skid texture it can be apply on floors directly after printing without any lamination film. The glue is very high-tack what allows decoration of almost any floor surfaces. Even when they are far from being perfectly flat. PE-coated, structured liner guarantee perfect flatness during printing and easy application without air bubbles.
