

**EWJ6474 – ViziPrint® Impress. White PET film 125 mic.**

EWJ6474 is a ultra white PET film with proprietary adhesion technology that is protected by a clear, 1 side siliconized release liner. Its proprietary adhesion technology creates a strong bond in both high and low temperatures without leaving residue behind, eliminates bubbling and is unaffected by moisture. ViziPrint® Impress White SEL can be re-positioned and re-applied multiple times, and removes cleanly up to 3 years after installation.
